BRITISH CONFIDENCE IS RISING

Reports of Recent Successes Produce an Air of Relief. Later Advices About Friday's Fight- ing. Boers Suffered Heavily. Hun- dreds Dead on Hill Top

London, Nov. 8.—An air of relief was
observed among British war officials
today as a result of the reassuring
news from Ladysmith.

The tone of the comment has as-
sumed optimism.

Officials are inclined to predict the
low water mark has been reached and
now a slowly and steadily rising tide of
victory is to be expected.

The proposal to send out an addi-
tional 10,000 men is highly approved.

The Force That Fought on Friday

Estcourt, Natal, Sunday.—The details
in regard to General Broekelhurst's
operation Friday towards Dew Drop
show the British force consisted of the
Eight and Nineteenth Hussars, volun-
teer cavalry with battery, Natal in-
fantry, Fifth Dragoons, Royston's light
horse and two batteries.

Boers Driven From All Their Posi- tions

At midday General Broekelhurst
drove the Boers from all their positions,
shelled their guns into silence
and headed off 1000 Boers from the Piet-
maritzburg road.

The Light Horse pressed too far into
a gully, where they were extricated
by the dragoons, all getting safely
away.

Under the heavy fire Lieutenant Pom-
ero of the Fifth Dragoon Guards
pluckily rescued a dismounted trooper
under fire.

The British casualties were light.
The moral effect is excellent.

Boers are Not Within Twenty Miles of Estcourt

It is reported the Boers are not with-
in 20 miles of here.

Bullet holes in the uniforms of the
Durban volunteers show the narrow-
ness of their escape at Fort Wylie.

The Dublin Fusiliers have been fur-
nished with new kits. They lost every-
thing in the retreat from Dundee.

The colonial forces are already fight-
ing in their shirt sleeves.

Believed the Boers Have Blown Up Stormberg Bridge

Queenstown, Cape Colony, Sunday.—
It is reported the Boers have blown up
Stormberg Spruit bridge. A terrific ex-
plosion was heard there.

British at Colenso Missed a Chance

London, Nov. 8.—Apparently when
Colenso garrison evacuated that place
Friday, the British missed a grand op-
portunity of carrying out an effective
attack on the rear of the disconcerted
Boers. The latter appear to believe
the Colenso column evacuated the
place as a ruse and was lying in am-
bush to surprise them if they advanced,
hence the immunity of the town from
occupation by the Burghers.

British Will Advance Through Open Country

One of the most important items of
news today is that Gen French is going
to Cape Town. This is taken in con-
firmation of the statement by the as-
sociated Press that the main advance
of the British will be through the open
country of the Orange Free State and
the southwestern part of the Trans-
vaal.

There is much speculation regarding
the next Boer move.

Further reports of the Groblerskloof
affair tend to confirm the report that
the British were successful.

Kaffir reports are that over 100 Boers
are dead on the hill top.

Sir Alfred Milner Visits the Wounded

Cape Town, Sunday, Sir Alfred Milner
visited the wounded today. All are
doing well.

Some of the wounds are extraor-
dinary in nature. The Mauser bullet
makes a clean perforation of bone and
muscles.

A soldier shot through both cheek
bones has lost the sense of smell and
taste, but otherwise is quite well.

Most of the wounds are in the hands
and arms.

Local volunteers have again express-
ed a desire of going to the front.

The Dutch in the colony maintain the
neutrality, though doubtless many in
Bechuanaland have joined the Boers.

Let Off With a Fine.

Chicago, Nov. 8.—Cashier C. E.
Churchill of the defunct Globe Savings
bank was found guilty yesterday and
fined \$400. The charge was that he ac-
cepted deposits knowing the bank to be
insolvent. President Spaulding of the
institution was found guilty of the same
offense and of embezzlement and is now
a convict in the penitentiary.

Olympia Is Deseried.

Boston, Nov. 8.—Only the marine guard
and some workmen are aboard the Olym-
pia, as she lies at the Charlestown navy
yard, and today at noon a quartermaster
hailed down her colors and Captain
Lamberton formally gave her into the
charge of Captain Johnson of the yard.
The officers of the ship broke up house-
keeping yesterday.

A Sensational Announcement.

London, Nov. 8.—The Morning Post to-
day makes the following announcement:
We have received a dispatch from Wash-
ington respecting Anglo-American policy
in the far East, which is of such a nature
that it is desirable, at the present juncture,
to withhold it from the public until
we are able to confirm of deny it.

Automobile to Tow Boats.

New Haven, Nov. 8.—At Hartford
work has been begun on an automobile
which is intended to tow canal boats on
the Erie canal. The automobile will be
built on an entirely new plan, and is
intended to be powerful enough to tow
ten canal boats at once.
It will cost more than \$4000.

MARCONI LEAVES TODAY; SELLS AMERICAN RIGHTS

New York, Nov. 8.—Guglielmo Mar-
coni, the exponent of wireless tele-
graphy, sailed today for Southampton.
He acknowledged he had sold the
American rights to a company, but
would not give the name.

He says instruments have gone to
South Africa.

Marconi will soon join them.

Dewey's Marriage License

Washington, Nov. 8.—A marriage li-
cense was issued today. Admiral
George Dewey and Mrs. Mildred Hazen.

Had "Ears to the Ground."

Washington, Nov. 8.—More than the
usual amount of interest in off-year elec-
tions was manifested in both official and
unofficial circles yesterday. Particu-
larly was this the case with reference
to Ohio, Maryland, Kentucky and Ne-
braska.

In administration circles the
closest attention has been given to the
progress of the campaign in Ohio, where
it was felt, in a measure at least, the
policy pursued in the Philippines would
be put to a test. Considerable surprise
was manifested here when the news
giving Jones' probable vote was received,
as the Republicans were confident that it
would not amount to the proportions it
assumed. The size of the Democratic
majorities in Maryland and Nebraska
astonished most politicians, though it
was expected that each state was more
likely to go Democratic than Republican.

With reference to the four states named
and also New York, it was felt that per-
sonal considerations played an unusually
large part in this year's elections.

Leather Workers to Strike.

Lowell, Mass., Nov. 8.—At a special
meeting of the Leather Workers' union
last evening, it was voted to inaugurate
a strike, because of the refusal of White
Brothers & Son to receive a committee of
the union which had been appointed to
protest against a reduction of wages.
The establishment of White Brothers &
Son is a part of the American Hide and
Leather trust.

Columbia Shut Out.

New York, Nov. 8.—Cornell and Co-
lumbia were well represented at Man-
hattan field yesterday when the football
teams from Ithaca and the local uni-
versity met on the gridiron. Columbia
was a pronounced favorite. But the
Ithacan rooters got all the cash as well
as the glory, as Cornell won, shutting
out the Columbia team by a score of
28 to 0.

Killed by a Crazy Woman.

New Haven, Nov. 8.—Mrs. Mary
Reiley, a young inmate of Springdale
almshouse and violently insane, attacked
Mrs. Anna Wheaton, who was confined
in the same cell with her, and inflicted
injuries that caused the victim's death.
The Reiley woman attacked her cell-
mate with a chair. Coroner Mix will hold
an investigation.

Weather Conditions and Forecast.

Fair weather and moderate and sea-
sonable temperature has prevailed in all
districts. No well defined storm appears
within the region of observation. The
weather will be more or less cloudy.
Along the New England coast the winds
will be light from the west.

MAJOR BELL TAKES TOWN OF MABALACAT WITHOUT LOSS

Manila, Nov. 8.—General MacArthur
has occupied Mabalacat.

His entire line, including the Twelfth,
Seventeenth, Ninth infantry and part
of the Fourth cavalry is extended three
miles near Angeles in good tactical po-
sition.

Major Bell took Mabalacat yesterday
being ordered to reconnoiter yesterday
until he located the enemy, he pushed
into the town, driving out two com-
panies of insurgents and killing several
officers.

The American loss was none.

PARTITION OF SAMOAN GROUP OFFICIALLY ANNOUNCED AT BERLIN

Berlin Nov. 8.—It was officially an-
nounced this morning that an agree-
ment subject to the approval of the
United States had been arrived at be-
tween Great Britain and Germany by
virtue of which the Samoa act is re-
pealed and the islands of Upolu, Savoli
and small adjacent islands fall to Ger-
many, the property and island of Tu-
tuila and all subsidiary to go to the
United States. Great Britain re-
nounces her claim to the Samoa is-
lands; Germany renounces her claim to
Tonga and Savage islands in favor of
Great Britain.

Retreat was sounded while the flag
was being hoisted down, and this ended
the cruise of the famous vessel.
The board of survey will now inspect
the vessel and report to the navy de-
partment what repairs are necessary
and how they are to be made.
Captain Lamberton goes to his home
at Washington, D. C., to await orders.

OLYMPIA WENT OUT OF COMMISSION AT BOSTON TODAY

Boston, Nov. 8.—Dewey's flagship, the
Olympia, went out of commission at the
Charlestown navy yard at 11 o'clock to-
day. All the officers and crew assem-
bled on the quarter deck, where Captain
Lamberton bid them good bye. Before
they left he advised them to "keep out
of any more quarrels."

A Pin's Quaver Journey.

New York, Nov. 8.—A pin, which was
swallowed three years ago by Percy
Smith of Whitehouse, L. I., has just been
picked out of his hand. In 1896 Smith
accidentally swallowed the pin, and all
efforts to dislodge it were unsuccessful.
In time Smith forgot all about it. A few
days ago the little finger on his
right hand became inflamed. Taking
his penknife he cut the skin and started
to remove what he thought was a splinter.
He had some difficulty in withdrawing
the splinter, and was greatly surprised
when he drew out the pin that he had
swallowed three years ago.

Negroes Ran Amuck.

Baltimore, Nov. 8.—Shortly after the
police closed last evening 50 intoxicated
negroes ran amuck on Centre Market
place. They fired pistols and threw
stones promiscuously, one of the bullets
entering the abdomen of Oscar Dietz, a
12-year-old boy, mortally wounding him.
White residents chased the negroes and
a riot seemed imminent. The negroes
ran in all directions, followed by the
whites and police. Four negroes were
captured, one of them, Wesley Brown,
being identified as the party who wound-
ed Dietz. Only the arrival of the police
prevented a lynching.

Quarrelled About a Woman.

Boston, Nov. 8.—Efforts are being
made by the Boston police and the de-
partments of the surrounding towns and
cities to locate Luigi Storti and Vin-
cenzo Buclini, wanted for the alleged
murder of Michele Calucci, at 57 Charter
street. All three of the men lived at the

Didn't Know Cleveland.

Princeton, N. J., Nov. 8.—As ex-Presi-
dent Cleveland was leaving the polls
yesterday he stopped a moment to
speak to one of his friends, whereupon
a policeman from Trenton detailed at
the polls, not knowing who Mr. Cleve-
land was, ordered the ex-president to
move outside the chalk line. Mr. Cleve-
land smiled, stepped into his carriage
and was driven to his home.

A Change For the Better.

London, Nov. 8.—The will of the late
George Smith, the pioneer banker of
Chicago, who died in this city Oct. 7,
has been made public. The personal
property in England is sworn to be worth
over \$285,000. In addition to legacies to
relatives and friends, the deceased be-
queathed \$10,000 each to various Protes-
tant orphan asylums in Chicago.

LATE ELECTION REPORTS

Big Republican Plurality in Ohio. Ken- tucky Still Doubtful

Columbus, Ohio, Nov. 8.—Judge Nash
is being congratulated on carrying his
own county by 1000, which the demo-
crats carried by 1800 two years ago.

Chairman Dick's revised figures claim
60,000 as the plurality of Judge Nash.

The total vote in the state will reach
920,000. The plurality of Nash exceeds
McKinley's and doubles Bushnell's.

Jones' vote is only 100,000, not con-
sidered large.

In New York City and State

New York, Nov. 8.—Later returns of
yesterday's elections in the city and
state show practically no change from
last night's announcements.

One of the surprises in New York
county is O'Brien the independent labor
party leader, nominated for sheriff by
the republicans. He ran behind his
ticket 3500. He is a walking delegate
of the Granite cutters union and it was
expected the workmen would vote
for him. The reverse happened.

The republicans gained many mun-
icipal offices in state.

In the assembly the republicans
have more members than the most
sanguine leaders claimed before elec-
tion.

In Albany, normally democratic, only
three democrats have been elected on
the city and county tickets, and the
common council is republican.

In Troy Mayor Elect Conway inde-
pendent democrat was elected to suc-
ceed Mayor Malloy, who is a member
of the state democratic committee.

In Rochester the republican organ-
ization elected George W. Allridge candi-
date for mayor over the present demo-
cratic mayor, who was returned twice
by large pluralities.

Kentucky Probably Democratic

Frankfort, Ky., Nov. 8.—At Candidate
Goebel's headquarters this morning
Senator Blackburn said, the republicans
must carry Jefferson county by
over 4500 to win.

They have failed to do this.

STRIPED SUITS

Stripes are the fashion, almost the rage, in
hard-finished Worsted fabrics, in soft-
finished Cassimeres and English Tweeds.
The stripe is the thing, but there are stripes
and stripes. The fine Cutting-made suits
are made from really fashionable merchant
tailors striped suitings. There are plenty of
imitations extant. Beware of them. If
you want

REPUBLICANS ARE VICTORIOUS IN OHIO

Taylor, Republican, Elected in Kentucky. Bryan and His Friends Elated at Result in Nebraska. Maryland is in the Democratic Column. Results Elsewhere

Columbus, O., Nov. 8.—Nash's election is conceded in this state. The Republicans claim that their plurality will exceed 50,000, with over 100,000 for Jones, out of a total of 900,000. The Republican majority in the legislature is larger than usual, but no senator is to be elected.

After 11 p. m. the returns showed that the Democratic gains in Cincinnati and other cities were reduced, and that McLean was likely third at Cleveland and possibly at Toledo, in which cities Jones drew much more heavily from the Democrats than from the Republicans.

At the same time the Republicans' net gains outside of Cincinnati, Cleveland and Toledo were increasing at such a rate as to indicate a plurality of from 30,000 to 40,000 for Judge Nash for governor and the entire Republican state ticket and the election of a majority of the legislature. Chairman Dick had, previous to the election, repeatedly claimed the election of the entire Republican state ticket by not less than 50,000 plurality. So far he has refused to give out any figures, but those around him say that means that he now has no reason to change his first figures.

GEORGE KILDON NASH.

The later returns seem to be growing in favor of the Republicans, especially since the returns indicate that Jones hurt the Democrats much more than the Republicans in Cleveland, Toledo and Columbus and other cities, while the first reports indicate exactly the opposite.

Toledo, Nov. 8.—Mayor Jones, at 9 o'clock last night, conceded his own defeat. "If my race has contributed in any way," he said, "to the success of John R. McLean and a rebuke to the infamous Philippine policy of the administration, I feel that it has not been in vain."

Judge Nash was serenaded after midnight at the Neil House. To an enthusiastic crowd he made a brief speech. He said that the Ohio result was a message to President McKinley that his home state endorsed his administration and presaged McKimley's renomination and re-election in 1900.

The Republicans made their largest gains at the homes of Judge Nash, Senator Hanna and Chairman Dick. The Democrats made their largest gains at the home of Mr. McLean.

Chairman Seward of the Democratic campaign committee, figuring on returns outside of Hamilton, Cuyahoga and Lucas counties, claims McLean's election by 12,000, but Colonel W. A. Taylor, one of McLean's managers, with the same figures, makes Nash's plurality about 8,000.

KENTUCKY.

Louisville, Nov. 8.—By the combined efforts of the Republicans and the anti-Goebelites, Attorney General W. S. Taylor, Republican, has been elected governor of Kentucky, by a majority variously estimated at from 7,000 to 15,000 over Goebel, Democrat. Returns also indicate the election of the entire Republican ticket, while the complexion of the legislature is in doubt.

The weather throughout the state was perfect, and more than an average vote was polled, the total falling but little short of the vote polled in the last presidential election. Comparatively little disorder prevailed, although there were several arrests for alleged violation of the election law.

Governor Bradley remained in Louisville all day, and had the Louisville legion in readiness to march on orders. The militia was called out after the close of the polls, to enforce an injunction granted by a local judge, but the presence of the militia was not needed, and the companies were soon ordered back to the armory.

Chairman Long of the Republican campaign committee says that Taylor's plurality will not be less than 15,000. This estimate, he says, is based upon the returns received from a majority of the counties in the state.

Governor Bradley estimates Taylor's plurality at 15,000 to 18,000. A plurality of 7,000 is conceded by many Democratic leaders, while some of the more faithful are claiming a plurality of 5,000 for Goebel. The estimated plurality of the most sanguine Democratic leaders is based upon returns from the interior of the state, which probably will be overcome by the strong Republican counties.

NEBRASKA.

Lincoln, Neb., Nov. 8.—It is evident to both parties that Nebraska has repudiated her allegiance to the fusion standard. While Republicans are not yet willing to admit defeat, figures, thus far, point that way. There has been a steady falling off of the vote of both parties, but, while the fusionists have suffered but little, the Republican loss has been not less than three to a precinct. If the present ratio is maintained, ex-Governor Holcomb and the fusion state ticket will be elected by not less than 10,000. Fusionists claim much more.

W. J. Bryan gave out this statement

this morning: "The campaign in Nebraska was fought on national issues and the result is a protest against the policy of the administration."

Mr. Bryan said he had no comment to make on results in other states.

Chairman Edmonson of the Populist state committee says: "We have carried the state by 15,000 and have made gains in county offices."

Chairman Tefft of the Republican committee declined to make a statement, but many of his associates admitted defeat, though not by as large a majority as claimed by the fusionists.

At the same time the Republicans' net gains outside of Cincinnati, Cleveland and Toledo were increasing at such a rate as to indicate a plurality of from 30,000 to 40,000 for Judge Nash for governor and the entire Republican state ticket and the election of a majority of the legislature.

Chairman Dick had, previous to the election, repeatedly claimed the election of the entire Republican state ticket by not less than 50,000 plurality. So far he has refused to give out any figures, but those around him say that means that he now has no reason to change his first figures.

every Democratic candidate on every county ticket, except Gray, Democratic candidate for register of Kings, who was beaten because of his failure to put in an appearance before the Mazet investigating committee, and answer charges made against him. Democratic majorities were about normal, being in New York county over 50,000. In Kings county the Democratic vote fell off from last year, when Van Wyck ran exceedingly strong in Brooklyn.

The Tammany exultation was not over the county ticket's victory, which had been expected, but over the defeat of Assemblyman Mazet, Republican, which they had hoped, prayed and worked for. From Mr. Croker down, the Tammany men shouted over Mazet's downfall. Senator Platt intimated late last night that Mazet might be seated in the next assembly, in which he Republicans will have 32 majority, as against 18 majority in the present assembly.

The Tammany Democrats openly denounce ex-Senator Hill, whom they blame for the reverses up the state. The Republicans in New York county elected only four assemblymen, one of them a member of the Citizen's union. Walton, the Democratic candidate for sheriff of Kings county, wins by nearly 12,000 plurality.

MARYLAND.

Baltimore, Nov. 8.—Returns thus far indicate that the Republicans of Maryland have been overwhelmingly defeated and that John Walker Smith, the Democratic candidate, has been elected by a majority, variously estimated at from 10,000 to 15,000. There is also a reasonable certainty that the lower house of the general assembly will be Democratic by a large majority and that the Democrats will elect enough state senators to overcome the Republican advantage among the hold-over senators, thereby controlling both branches of the legislature.

The Democrats are wild with enthusiasm, while the Republicans are correspondingly depressed over the result, which they are inclined to attribute to treachery among the followers of Mayor Malster and United States Senator Wellington. The latter has taken no part in the campaign, and has not hesitated, since his resignation as chairman of the state central committee, a few weeks ago, to predict the overwhelming defeat of the Republican ticket. The gold Democrats, as an organization, supported Governor Lowndes, but this seems to have had but little, if any, effect on the result.

Lloyd Wilkinson, secretary of the Democratic state central committee, made the following statement regarding the result of the election: "Mr. Smith's majority in the state will be from 14,000 to 15,000, with a majority in both houses of the legislature. The result shows clearly that the Democrats were thoroughly united, and that the Republicans were not considered in the contest. The nominees of the Democratic state convention were satisfactory to Democrats generally, and the way they were nominated met with general approval. The result of the election shows that Maryland is a Democratic state whenever the party is united."

MASSACHUSETTS.

Boston, Nov. 8.—The Republicans carried Massachusetts by 65,000 votes and W. Murray Crane of Dalton will be the next governor. The entire Republican state ticket was elected by practically the same plurality as the head of the ticket, and the legislature of 1900 will also be Republican by the usual large majority, there being few changes in either branch.

The total vote for governor, with one town missing, was as follows:

W. Murray Crane (Rep.), 168,844.

Robert Treat Paine, Jr. (Dem.), 103,812.

The result of the election was highly gratifying to the Republicans, despite the fact that the vote for their candidate showed a falling off of 11 percent from last year. On the other hand, the Democrats expected to hold their own and were therefore somewhat disappointed with their 4 percent loss. The election in Boston, however, made up materially for the decline in the vote outside, and the Democrats are rejoicing that the city, after a three years' absence, is once more in the Democratic column. Last year Governor Wolcott carried Boston by over 10,000, but this year it went Democratic by 6,191.

The expansion question apparently played little part in the election, and Senator Herbert C. Parsons of Greenfield, where the question was an issue before the people, was defeated. Mr. Parsons ran independently and was assisted in his campaign by a number of anti-imperialists from this city.

There were but few surprises throughout the state, and party lines were more strictly drawn than is ordinarily the case.

The senate of 1900 will stand 31 Republicans to 9 Democrats, and the house 166 Republicans, 70 Democrats, 2 gold Democrats and 2 Independents. This shows a loss of two Republican senators and three Republican representatives. In addition to these three Republican representatives the democrats this year also have filled two seats occupied by Democrats last year. The Democratic district elected their candidate for the first time.

The Socialists lost a representative in Haverhill but a member of that party was chosen from the Fourth Plymouth district, thereby giving them the same quota as last year. The Socialists at Haverhill made up for their loss by giving the candidate for governor a greater vote than that received by the Democratic nominee. In other parts of the state the Socialistic doctrine was given some indorsement.

The Democrats had no difficulty in carrying the city of Boston. For the past three years the city has indorsed the Republican candidate for governor, but this year, Robert T. Paine, Jr., the Democratic nominee, received a plurality of 6,196 over J. M. Crane, Republican.

Paine's total vote was 25,592 and Crane received 25,396. Last year Wolcott (Rep.) carried the city by a plurality of 18,970 over Bruce (Dem.). These figures show a loss for Crane from Wolcott's vote of 7,179 and a gain for Paine over Bruce's total of 914.

The decrease in the Crane vote is partly due to the fact that he comes from the western part of the state, and did not have the local popularity that Wolcott had.

The election passed off quietly, comparatively little interest being taken by the Republicans, while the Democrats tried to roll up a big plurality to strengthen themselves for the city election next month.

NEW YORK.

New York, Nov. 8.—The election in the four counties that make up the city of New York resulted in the victory of

every Democratic candidate on every county ticket, except Gray, Democratic candidate for register of Kings, who was beaten because of his failure to put in an appearance before the Mazet investigating committee, and answer charges made against him. Democratic majorities were about normal, being in New York county over 50,000. In Kings county the Democratic vote fell off from last year, when Van Wyck ran exceedingly strong in Brooklyn.

The Tammany exultation was not over the county ticket's victory, which had been expected, but over the defeat of Assemblyman Mazet, Republican, which they had hoped, prayed and worked for. From Mr. Croker down, the Tammany men shouted over Mazet's downfall. Senator Platt intimated late last night that Mazet might be seated in the next assembly, in which he Republicans will have 32 majority, as against 18 majority in the present assembly.

The Tammany Democrats openly denounce ex-Senator Hill, whom they blame for the reverses up the state. The Republicans in New York county elected only four assemblymen, one of them a member of the Citizen's union. Walton, the Democratic candidate for sheriff of Kings county, wins by nearly 12,000 plurality.

Greater New York has given an overwhelming vote in favor of constitutional amendment No. 2. This separates city and county debts, and clears the way for rapid transit.

In the Thirty-fourth congressional district E. B. Vreeland, Republican, was elected by an enormous majority, at least 10,000.

With no possibility of change, save in two counties, a complete list of assemblymen elected in the entire state of New York shows 92 Republicans and 59 Democrats.

Taking all the assembly districts in the state, the Republican plurality is 35,800, according to The Tribune's returns, as compared with Roosevelt's plurality of 17,736 in 1898.

NEW JERSEY.

Trenton, Nov. 8.—The returns indicate that the Republicans have carried the state by about 20,000 plurality, although there was no direct vote on a state ticket. The Republicans will control both houses of the legislature by good working majorities, and will have an increased representation in the assembly. The senate will stand 14 Republicans to seven Democrats. The next assembly will be composed of 41 Republican.

PLANS OF THE BOERS

Said to Have Been Drawn Up by European General

London, Nov. 8.—The Standard's cor-

respondent at Luxembourg gives details of the Boer plan of campaign, which was drawn up, he asserts, by "a general of European reputation."

Dr. Leyds obtained from several generals in Germany and Belgium, as well as Holland, a series of highly interesting plans, although there is no reason to believe that the general whose plan was selected even imagined that it would be put into execution.

The Natal portion included the seizure of the coast railway, north of Durban, by an attack through Zululand, or by way of Greytown and Umbod. Thus throughout Natal offensive tactics were suggested, but in the Orange Free State the plan proposed a defensive policy, based on the strategic advantage given by the position of the Orange Free State on the flank of the railway north of De Aar Junction, and trusting to the Orange river and the obstruction of the railway bridges to induce the British to advance through Kimberley to Bloemfontein, or through Mafeking and Pretoria.

The Boers are advised, in the scheme, not to oppose either of these movements in their earlier stages, but to operate on the line of communications, namely 150 miles from De Aar to Kimberley, and 250 miles from Kimberley to Mafeking.

Dr. Leyds has been assured that if the Boers can hold out 12 months, the European powers will intervene. It is perfectly clear, therefore, that the only way to disconcert their plans, is, at all costs, to obtain the right to dispatch a third army corps to Delagoa bay.

Dispatches from the front have rent the veil of gloom enveloping Ladysmith, showing the British garrison not merely standing on the dogged defensive, but executing a series of brilliant sorties. Accounts from different sources agree that the laconic official description of Thursday's engagement is "an effective

shelling of the Boer laager," was unduly modest.

It appears that General White sent a strong force of cavalry and infantry to attack the Boers at Tatham's farm, about 12 miles to the northwest, near Bessers, and apparently achieved a surprise, the Boers being caught on the open veldt and cut to pieces and their camp captured. Encouraged by this success, General White decided to risk an even more important engagement on the following day, which was again justified by success.

Ladysmith had been isolated and a Boer force had intercepted the railway between Ladysmith and Colenso. This force on Friday had descended upon Colenso and, as shown by the dispatches from Betourt, having compelled a hurried abandonment of Colenso and a retirement of the British to Estcourt.

General White had ascertained that the Boers were attacking Colenso, but he was not aware of the British retirement. He had determined, therefore, to attack the Boers in the rear, thus hoping to achieve the double object of drawing an attack upon the weak garrison of Colenso and, possibly, of reopening communication to the southward.

The Boers had advanced southward until they had occupied the hills north of Tugela river and dominating Colenso on the other side of the stream. The hill slopes to a plain that reaches the banks of the Tugela.

General White's division caught the Boers in the rear and, after the hills had been shelled, the British infantry stormed the position. Meanwhile the British cavalry swept round the hills, and, as the retreating enemy descended into the plain with British bayonets behind them and the river in front of them, they were charged by the cavalry and seemed to have perished almost to a man. The British then returned to Ladysmith without coming into touch with the Colenso garrison, which had retired to Estcourt.

Sunday's dispatch from Estcourt, however, showed that an armored train had been sent back to Colenso to repair the line, and the next news was possibly of the restoration of communication with Ladysmith.

While the British troops were thus engaged in successful endeavors to wipe out the Nicholson's Nek disaster, the situation inside Ladysmith as shown by an official dispatch from the general at Estcourt was most satisfactory, encouraging a hope that General White may yet completely retrieve his shaken reputation, and that his force may emerge triumphant from the ordeal through which it is now passing.

The Daily Telegraph publishes the following dispatch from Pietermaritzburg, dated Saturday evening: "Widespread rumors of both Dutch and native origin have been current since yesterday (Friday) that, during a reconnaissance from Ladysmith northward, toward Matatans Hoek and Nicholson's Nek, the British troops engaged the enemy. It is said that a Lyddite battery drove the Boers into a valley, where the British cavalry charged through them. The Boer losses in this engagement are said

PENNSYLVANIA.

Philadelphia, Nov. 8.—Republican State Chairman Reader says: "Colonel Barnett's majority in the state will be 140,000. The majority in Allegheny will be about 20,000, and in the state, exclusive of Philadelphia and Allegheny, about 50,000. The other candidates will run somewhat ahead of Barnett, as the opposition within our own party has been concentrated on Colonel Barnett."

Senator Penrose says: "It seems to be a staunch Republican victory all along the line, and a strong endorsement of the national administration."

IOWA.

Des Moines, Nov. 8.—Weaver, chairman Republican state central committee says: "I feel confident that Republicans have won by an increased majority over two years ago. Both branches of the legislature will be Republican by a large majority."

At 1:30 this morning 638 precincts of the state gave Shaw, Republican, for governor, 31,634; White, 27,565. The same precincts, two years ago, gave Shaw, 28,555; White, 22,392. This is a net Republican gain of 983, or about 14 to the precinct. The same ratio, if kept up, for the state, will give a Republican plurality of about 80,000. There are a few Republican gains in the legislature, and the indications are that the Republicans will have 115 of the 150 members.

SOUTH DAKOTA.

Sioux Falls, S. D., Nov. 8.—The Sioux Falls Argus-Leader, basing its estimate on reports thus far received from points in South Dakota, claims the election of the Republican nominee for state supreme judge by 10,000 majority. This is also the estimate of the national Republican committee.

Chairman Bowler of the Democratic state committee concedes the election of the

The Venezuelan Boundary Settlement.

WHEN General Castro entered Caracas, the republic of Venezuela once more became the center of attraction in South America, for it was seen that another change was to take place in that land where governments are made and unmade in a day. Now that the dust, as it were, has settled down once more on the last act of the Venezuelan boundary dispute, and now that feeling and bias have become a thing of the past, it is interesting to look into the result of this historical example of the operation of arbitration as a means of settling international disputes to see just what the outcome has been. In the first place, it must be remembered that all the long and complicated negotiations about the Venezuelan boundary were carried on under the rules laid down and approved by the peace conference, and so might be called the first actual experiment since the sitting of the conference at The Hague in substituting the olive branch for the Maxim gun.

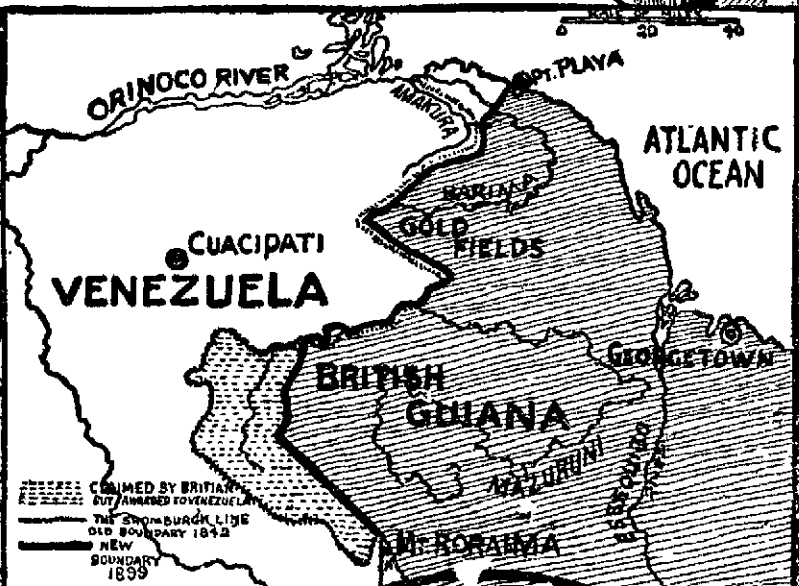

After four months of patient discussion the satisfaction with which Venezuela seemed to accept the ruling of the board of arbitration in the matter has tended to quell any voices of protest that might otherwise have arisen. The chief part of the text of the award was to the effect that the boundary line, starting from the coast at Point Playa, shall run in a straight line to the River Barima at its junction with the River Muruma, and thence along the midstream of the latter river to its source. From that point the boundary shall continue to the junction of the River Baiowa with the Amakuru, and thence along the midstream of the Amakuru to its source in the Imataka ridge, and thence again in a southwesterly direction along the highest ridge of the spur of the Imataka mountains opposite to the source of the Barima. From there it shall run along the summit of the main ridge of the Imataka mountains in a southeasterly direction to the source of the Acarabisi and continue along the main stream of the Acarabisi to the Cuyuni westward to its junction with the Wenamu, following the midstream

tion with the Takutu. After this the new international boundary is to follow the midstream of this last mentioned river to its source, thence in a straight line to the westernmost point

Filipino Method of Execution.

Perhaps the most horrible form of capital punishment practiced in any part of the world is that still in vogue among the Negritos of the Philippine Islands. It seems to be a native adaptation of the well known turn screw of the early Spaniard, the victim being tied down in a strong seat and his neck surrounded by a stout iron collar. He is then slowly strangled to death by the executioner who, by means of a screw at the back of the crude mechanism, slowly tightens the collar on the throat of the unfortunate criminal to whom barbaric justice is being dealt out.

Low Born Cardinals. Humble birth has never prevented any cardinal from becoming pope, and at present many of the cardinals spring from a very lowly class. The cardinal archbishop of Naples' father was a carter; the late Cardinal Ferrieri was the son of a servant; Cardinal Basso, the son of a small shopkeeper; the new Cardinal Cassetta, the son of a carpenter; the father of Cardinal Parocchi was a miller and the father of Ferrari a farmer. The cardinals of good birth are few. The patriarch of Venice is of very humble origin. Cardinal Gotti is also lowly born, his father being an innkeeper.

The Most Hated Man In Scotland.

Here is a picture showing the tomb of the most hated man in Scotland. This individual was Sir George Mackenzie, or "Bluidy Mackenzie," as he was more often called, the advocate who made himself hateful to all the sons of Scotland during Covenanter times. This tomb, which is in Greyfriars churchyard, and is one of the handsomest in London, has recently been undergoing repairs, and several persons had the privilege of viewing the remains of the once famous advocate, who, in the reigns of Charles II and James II, had almost despotic power in Scotland and took such advantage of it in his persecution of the Covenanters. For generations this tomb has been regarded with abhorrence. The remains when examined were found to be still covered with what was once a very fine shroud and, though shriveled and mummylike, were very well preserved, in spite of the fact that the vandalism of bygone days took away the lead coffin, tore all the ornaments from the body and even wrenched the teeth out of the mouth.

The Czar's Latest Picture.

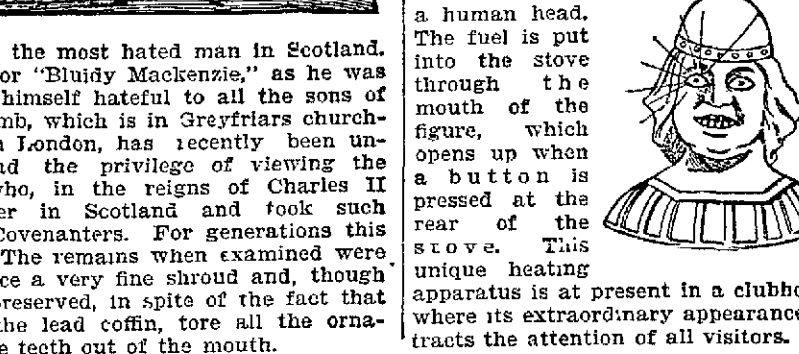

Here is the latest portrait of the czar of all the Russias. It has often been remarked that the present emperor of Russia has a somewhat thoughtful and sad expression, though in his last picture there is an unusual brightness of countenance. It must be remembered,

however, that when he was but 10 years of age the assassination of his grandfather made him czarévitch and turned him from a happy and careless child into a melancholy and thoughtful youth. The one bright event in his life was his marriage to Princess Alix of Hesse, a woman who has proved as good as she is beautiful.

A Stove That Eats Coal.

Probably the most extraordinary coal stove in the world is that which was made recently in Germantown, Pa. This curious looking stove was built in the form of a human head.

The fuel is put into the stove through the mouth of the figure, which opens up when a button is pressed at the rear of the stove. This unique heating apparatus is at present in a clubhouse, where its extraordinary appearance attracts the attention of all visitors.

Some of England's African Allies.

Very important indeed is the part which the African native is to play in the Transvaal war. The side which can count on the support of the Kaffir is able to claim a very strong and effective ally, and the Boer and the British have each been bidding for native support, just as was done in America a century ago when France and England were engaged in their bitter struggle for the final possession of the northern half of the new world. In the present case it seems that the Britishers are getting the best of it, for it is a notorious fact that the Boer treatment of the native has always been harsh and cruel. He even favors slavery for the blacks, while the English, on the other hand, have always been fair and honest with the blacks who have come under their domination, many years of colonization work having taught them that such is the best policy. The accompanying illustration shows a band of natives who have come down from the mountains of the Transvaal and signified their willingness to join forces with the English in the struggle against the autocratic Boer. In the picture these natives are represented as grinding "mealies," from which the coarse corn bread of the Boers is made.

Quaint Servian Customs.

A quaint custom obtains in Servia where in some towns it is usual for the inhabitants to hang a dressed doll, and sometimes two or even three of them, in the principal window of the house. This indicates that there is living there a marriageable woman, sometimes more than one, who is willing and anxious to become a bride.

Another Servian custom is that of hanging a small sheaf of grain outside the house. The superstition is that if the grain is stolen there will soon be a wedding in the house; if the lady dwelling within is anxious to wed, the sheaf is hung low, quite within reach of the suitor, who may possibly be as anxious to steal it as she is to have it stolen.

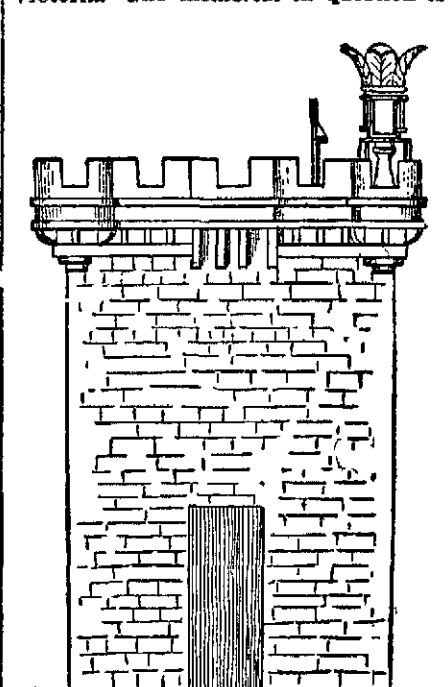

The Automobile In War.

One of the novel features of the present war in South Africa is the use of the traction engine in campaigning. The British now have at the front several engines and trains like that shown in the accompanying illustration. These have proved most successful as carrying machines in crossing the wide, level veldt of the lower end of the Dark Continent. Each engine has attached to it four about broad tire wagons, well loaded with supplies, and while the speed at which such a train travels is not very great, this automobile method of locomotion is proving often more reliable than by mules or horses, especially for extremely heavy loads.

The William Black Memorial.

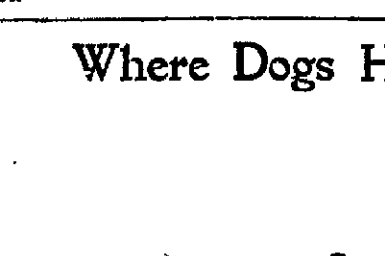

The accompanying illustration shows the memorial which is being erected to William Black, the famous Scottish novelist and the writer who in his lifetime enjoyed the distinction of being the favorite author of Queen Victoria. The memorial in question is

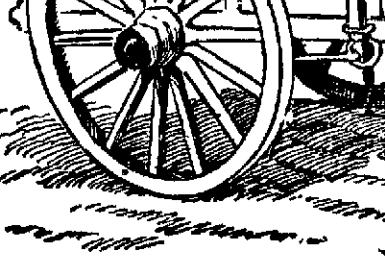

to take the form of a coast beacon light. It is being erected on Duart point, and there is a special appropriateness in the selection of this spot, as it was in this part of the Mull that one of William Black's finest novels, "Macleod of Dare," was planned and chiefly written.

One of the Kaiser's Cups.

This is the solid silver cup which the emperor of Germany some time ago set his heart on and went over to England during the Cowes regatta to carry off, if possible. The Kaiser and his yacht, as is now well known, were exceptionally successful in these international races, since the German imperial boat carried off no less than three of the prizes open to competition. Good silver delights the heart of even an emperor, and when that good silver has the additional charm of being won by good sportsmanship it acquires a value never to be paid in the mere market.

The American visitor in Amsterdam or Rotterdam must often have noticed the extent to which dogs are used as beasts of burden. At all times of the day and in all parts of the country one may see barrows and milk wagons being hauled about by large mastiffs. Sometimes, too, one may see a dog and a woman hitched together hauling the same cart, while the self-satisfied male owner of the entire property may be seen wielding a whip impartially over his hapless wife and his dog. As a rule, however, girls and young women are the drivers of these carts, though often enough even these gentle creatures cruelly ill treat their poor canines, who do the hauling.

Where Dogs Have Many Duties.

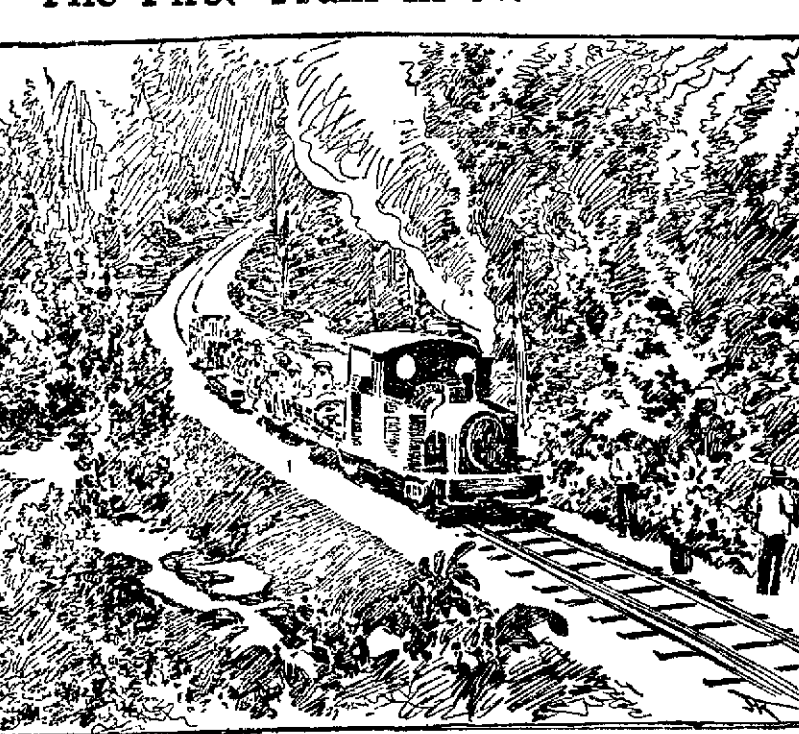

The American visitor in Amsterdam or Rotterdam must often have noticed the extent to which dogs are used as beasts of burden. At all times of the day and in all parts of the country one may see barrows and milk wagons being hauled about by large mastiffs. Sometimes, too, one may see a dog and a woman hitched together hauling the same cart, while the self-satisfied male owner of the entire property may be seen wielding a whip impartially over his hapless wife and his dog. As a rule, however, girls and young women are the drivers of these carts, though often enough even these gentle creatures cruelly ill treat their poor canines, who do the hauling.

The First Train In North Borneo.

Borneo is the latest country to enjoy a boom, and what with the proper dredging of the River Segama and the construction of a railway across the northern portion of the island, the once barbaric Borneo, the home of the fabled "wild man," is developing into a productive and industrious country. The picture shows the first train that ever steamed across North Borneo.

BITS OF INFORMATION.

The first American bank in Honolulu opened its doors on Sept. 5. One of India's sacred fires that still burns was consecrated 1,200 years ago. In Kansas City, by an arrangement with the municipal authorities, one-half of the sum collected from the dog tax is given to the club women of the city, who use it to beautify the city parks and for other improvements. The rule has obtained for two years, and the clubwomen have expended \$2,500 on parks. Dr. F. W. Reitz, the Transvaal secretary of state, was formerly president of the Orange Free State. "His grandfather," says The Independent, "came from Holland about 200 years ago and settled at the Cape, and one of his uncles was a lieutenant in the British navy." Vilman Van Kallay has contributed

to an Austrian paper an article on the need of female physicians among the Mohammedans of Bosnia. There are at present only two. One of them, Dr. Boguslaga Keck, in Mostar, treated 763 patients in a year, and the other, Dr. Theodora Krajevaska, in Doljan Tuzla, 612. A good story about President Kruger is told by The Cape Times. It is related that two brothers who had inherited a large farm couldn't divide it among themselves. They went to the

president for advice, and he advised them that the older one make the division and the younger one the selection. This judgment is worthy of Solomon. A Raleigh (N. PERSONAL PARAGRAPHS

E. G. Baldwin of Pittsfield, the well known newspaper man, was in the city today.
Miss Nellie Walsh and Miss Kate Callahan left today for a week's visit with friends in Boston.
Mrs. Horace Hanson of Boston is the guest of Mrs. Mary H. Luther of this city.
Miss Carrie M. McKee has returned from a business trip to New York.

No Arrests Election Day

The city was very orderly election day and the police did not make any arrests, so that there was no business for the district court this morning. The absence of drunkenness was a feature of the streets during the day.

Crowley Going Well

Lawrence Crowley, who is at the hospital suffering with a wound received from an attack by a bear, is today doing well, and it is thought that amputation will be unnecessary if no complications set in. The wound was opened and carefully cleaned yesterday, and the doctors think the danger of poisoning is removed.

Clerk's Union Formed

The clerks of the city took their last chance to form a union last night, and improved it better than they have formerly. There was a good attendance at the meeting, and a temporary organization was formed, with Peter H. Vanaistyne as president and T. F. Brockway secretary. The charter will be left open till the meeting next Sunday afternoon.

Bradley vs. Pfeiffer

Judgment was entered today in the district court of Northern Berkshire in favor of Dr. P. Pfeiffer in the case of George W. Bradley vs. Immanuel Pfeiffer, without trial.
This was an action to recover possession of certain rooms of which Dr. Pfeiffer had a lease. It appearing that he had done all that he was required to do, it was considered the action against him could not be maintained, hence the judgment in his favor.

Coon Asleep on the Couch

Truant Officer A. G. Whipple caught a 47-pound coon this morning, but the capture was made in a novel way and does not entitle him to rank as a hunter. He was awakened early this morning by his mother, who said there was a very large strange cat in the house. Mr. Whipple investigated, and found the "cat" on a couch in the third story of the house. After a first surprise at the size of the animal, Mr. Whipple recognized it as a tame coon which belongs on River street. The animal had gotten into the house and in some way gone to the third floor, and there gone to sleep. The animal was returned to its owner.

Death of Miss Hogan

Miss Mary Hogan died this afternoon at 2 o'clock at the home of her parents, Mr. and Mrs. James Hogan, on Furnace street, aged 23 years. Her death was caused by tuberculosis, with which she had suffered for three months. Miss Hogan was an estimable young woman and had a large circle of friends who will be deeply pained to learn of her death. She was an affectionate and dutiful daughter, and in the loss which has come to them her parents have the sympathy of all who know them. The funeral arrangements are not yet made.

Important Deal Considered

It is reported that another important real estate deal is under consideration, by which the Arnold print works may come into possession of that part of the Flag property opposite the residence on South State street. This would dispose of all the State street farm property of the estate not reserved for the Hunter company, and would give the Arnold company large holdings on South State street.

Candidate Mack is Grateful

J. H. Mack was seen today, and in answer to a query on his opinion of the election, had this to say:
"I am grateful to the people of North Adams for the vote they have given me when opposed to a man who has proven himself such a friend to North Adams. I am satisfied with the party vote through the state, and am confident of increased gains next year. I realize that I have been on the unpopular side in times past, but I have taken my stand honestly, and such a vote as that of yesterday is very gratifying to me." The following dispatches have been sent and received by Mr. Mack:
Hon. John L. Bates, Boston, Mass.
My sincere congratulations on your election as Lieutenant-Governor.
JOHN H. MACK.
John H. Mack, Esq., North Adams, Mass.
Dear Sir:—
I thank you heartily for your kind congratulations.
JOHN L. BATES.

NOTICE OF ANNUAL MEETING
The annual meeting of the corporators of the North Adams Hospital for the election of officers, and the transaction of other business, will be held at the Wilson house, Saturday, November 11, at 2 p. m. This will be a public meeting, and all are cordially invited to be present.

PAVING B. AND A. YARDS

Work on Important Improvement by Railroad Begun Today

The Boston and Albany railroad company has decided to pave a portion of its yard in this city and the work of excavation was begun today. Granite blocks will be used and will be laid in sand. The paving will extend from the walk running from the city hall to the depot eastward to the west end of the freight house platform, and all the space about the freight house will be paved, but not all the space west of the freight house. About half of that space will be left unpaved.
The paved section will be next to the track that runs to the Armour refrigerator, and this will leave a small space by the side of the other tracks unpaved. The grading is done by the company's engineers and the work will be pushed to completion as fast as possible.
It is to be regretted that the company does not see fit to pave all of the ground while it is about it, but what is to be done will make a decided improvement, and one that will be greatly appreciated by the patrons of the road and the people of the city generally.

Street Railway Doesn't Need Receipts

The internal revenue department has decided that the fact that the Pittsfield Electric Street Railway company carries parcels for the accommodation of its patrons and not as a business, and "solely upon call and at special request," does not make it an "express company," making it necessary to give receipts for parcels with a one cent revenue stamp cancelled on it.
This decision is of great interest locally, as packages are frequently carried by the cars between this city and Adams and Williamstown. If the cars on which it was desired to forward a parcel had to be stopped for the conductor to make out a receipt, affix a stamp and cancel it, it would make to the service, which is a great convenience, such an interruption to its cars, that the carrying of parcels would necessarily be given up.

The Pardon of F. A. Hobbs

There is much local interest in the petition to secure the pardon of F. A. Hobbs, the defaulting ex-receiver of the Stockbridge savings bank, which, as reported in the Transcript yesterday will soon be brought before Governor Wolcott. Mrs. Hobbs has called upon the governor several times recently in behalf of her husband. It is admitted that Hobbs' condition is such that his death may be looked for within a short time and his wife has earnestly pleaded that a pardon be granted before death occurs.

People who have seen Hobbs within a few weeks admit the man is a physical wreck and at the most can live but a few weeks. He has been confined to his bed all summer and the governor has already had physicians examine him. They all report his condition as hopeless. Hobbs' leg, which was incased in a plaster cast for some time when he resided in Stockbridge, is now in bad shape.
Hobbs was convicted in the superior court in Pittsfield, it being alleged that he converted to his own use \$20,524 of the funds of the bank. He was appointed receiver of the bank April 10, 1891, and sentenced January 28, 1896. He was sentenced by Judge Fessenden to state prison at Charlestown, the term being six years minimum and 10 years maximum. Hobbs was defended by Lawyer Noxon.

Death of Dr. Deane

Dr. Adams C. Deane of Greenfield died yesterday morning. He had been usually well up to a short time before his death, and only last Friday was wheeled down street by his attendant. The death of Dr. Deane removes one of the leading physicians of Franklin county and one of the best known and most prominent citizens of the town. In 1888 he formed a partnership with his son-in-law, Dr. J. H. Zabalskie. This partnership was continued for 10 years, when the infirmities of age and failing health compelled him to give up practice.

First Pianola Recital

Thursday afternoon at 3 o'clock there will be a Pianola recital at Cluett & Sons' music rooms at Monument square. The rooms will be arranged for the reception of a large audience, and a well chosen program has been arranged. The pianola plays not only popular music in a faultless manner but by it the best and most classical pieces are performed correctly. All the shades of tone color are produced by the aid of attachments so that the individual moods of the operator can be easily expressed. Besides the recital Mrs. J. M. Darby will render some vocal selections.

Local Orchestra for Charity Ball

The ladies who are to arrange for the annual charity ball have planned this year to have an orchestra from this city which decision will be welcomed by those who have in former years criticized the music for hiring out of town music. The selection of an orchestra is not definitely known.

Council Adjourned Till Next Week

As expected there was not a quorum present at the regular council meeting last evening, and all that was done was to adjourn till next week Tuesday evening. At this time all the recounting will be done, and the returns will be in shape for the council to act on.

CHESHIRE

Mrs. Harry Clark and daughter Mary, are stopping with Melba Cole. Mrs. Dewey and son of North Adams are guests of Mrs. L. J. Fleck. Mrs. Charles Getman is very ill with indigestion.
Ward Cheesbro is in Philadelphia where he has secured employment. Cheesbro and Lanesboro will join at the Crane reception in Dalton tonight. The Lanesboro band will accompany them.

CONGREGATIONAL LADIES

Beginning Year's Work, Review of Last Spring's Fire

(Contributed.)
The ladies' sewing circle of the Congregational church is holding its first meeting for work in the church parlors this afternoon. At the annual meeting held a few days since, officers were chosen and reports were given for the past year, which proved a spite of the bitter disappointment of their sale in which so much they had worked for was destroyed by fire they had been able to meet the payments expected of them.
This would have been impossible had it not been for the goodness of those that were losers. No one can imagine the kind words the committee received from those who lost things of value; no chiding, nothing but beautiful words of praise for the heroism and safety of the workers, certainly love and charity were never more beautifully illustrated.

The insurance policies were adjusted on the words "usual to church and chapel" which did not cover the goods contained therein at the time of the sale either belonging to the society or to outside parties.
The ladies who have made any sacrifice to have replaced them had it been accepted but great generous hearts would not allow the women who had met with such disaster to do it, and although it is impossible to mention all that were so kind the ladies wish to publicly thank those outside of their own church, especially the Hibernian society, division No. 4, who so nobly presented them with their beautiful flag, also the Italians for their flag and pictures, Mr. Arthur Mitchell for a group of flags of different nations, Cluett & Sons for the gift of fine music box, W. S. Underwood for other musical instruments, Boston store, Cully & Co., Valentine, Sherman, Braman, Tuttle & Bryant, Gaylord, Christie, Taylor, Maxwell, Mr. Morgan for liberal discount on goods and all others who in any way showed their friendship to the society.

In the secretary's report were these words: "Out of the nettle danger we pluck not merely the flower safety but the more fragrant flower of heroism, courage and faith."
"We are living we are dwelling in a grand and awful time, In an age on ages telling To be living is sublime."

PROFITABLE FARMING SEASON

Final Report of State Board of Agriculture for Berkshire

The crop report for October, the last to be issued this season by the state board of agriculture, has just been sent out. It is of especial interest from the opinions called for from the correspondents on the profits of the season. Under Berkshire county crops it contains the following from nearby towns: Cheshire—(L. J. Northrup).—Root crops are a good average, blight not appearing on potatoes as last year. Farm stock is looking fairly well. Fall seeding is not nearly in as good condition as last year. Prices have been well sustained and compare favorably with other years. Potatoes have been our most profitable crop on account of price and quality, and apples our least profitable one. The season will compare very favorably with former years as to profit.

Savoy—(W. W. Burnett).—Root crops are a full average yield on the whole. Farm stock is in fine condition. But little fall seeding has been done on account of dry weather and that put in is backward. Prices for farm crops are a full average. Hay and potatoes have been our most profitable crops. The season has been fairly profitable, all kinds of farm products having commanded a fair price.

Williamstown—(S. A. Hickox).—Root crops are up to the usual average. Farm stock is in fair condition. Fall seeding is not up to the average in condition. Prices have been good for crops raised for market. Hay has been our most profitable crop and oats our least profitable one. Considered as a whole the season has been a fairly profitable one.

PARSONS DEFEATED

Carried Greenfield But Lost District Says He is Happy

Parsons was defeated for senator in the Franklin-Hampshire district Tuesday by a vote of 4412 to 3771, the successful candidate being C. W. Hazleton, republican. In his defeat Mr. Parsons has many sources of comfort, particularly in the vote of his own town, where he had a majority of 427 in a total vote of 1401, the largest vote ever cast in a senatorial contest in the district.
Mr. Parsons said last evening: "I am happy. There is only one thing which would make me happier and that is to have the majority in the senatorial district for me instead of for Mr. Hazleton."

Companion of the Forest Whist

The Companions of the Forest held their regular meeting Tuesday evening and decided to go to Pittsfield with the Foresters November 17, to attend the fair in Pittsfield.

After the meeting last night a whist party was held. There were 25 tables. The first prizes were won by Miss Mary Hogan and Mr. Young and Miss Helena Davis and Mr. Brown received the consolation prizes. Refreshments were served and a few hours of dancing served to make the evening a very pleasant one.

Clothing Came From Charlemon

It has been learned by the local police that the clothing found on the railroad tracks in this city as reported, was stolen from the store in Charlemon which was robbed two mornings ago, as reported yesterday. Several overcoats and some other clothing was taken in addition to what was found here, and the thieves had evidently taken just about what they wanted to wear.

—R. W. Sherman, president of the company who did this year's paving was yesterday elected mayor of Upton by a close vote.

ALL OFF FOR DALTON

Train Leaves at 6.30. Special Cars to Williamstown

Everything is now in readiness for the biggest celebration at Dalton tonight that the county ever held in honor of one of its citizens. There will be at least 2000 in the parade, with eight brass bands and several drum corps. The arrangements for the reception at Dalton have already been published. The special train from this city will leave at 6.30, and will carry about 1000 from here, besides the Williamstown delegation. An extra car will leave Blackinton at 6.05 for this city, following the regular car leaving at that hour. Immediately on the arrival of the extra train from Dalton cars will leave Cutting corner for Blackinton and Williamstown.
There is much enthusiasm for the event, and it is probable that there will, if anything, be an increase over the first estimates of local attendance.

WILLIAMSTOWN.

CAUGHT PANTHER IN BEAR TRAP.

John Barney Wright, the veteran bear hunter, caught an animal in one of his traps a short time ago which puzzled him for some time to learn what kind of animal it was, but he soon learned that it was a panther. The animal was caught in one of his traps which he had set on East Mountain and when discovered it did not try to run but made a desperate effort to get at the hunter. Mr. Wright lost no time in shooting the animal as he was afraid he would break loose from the trap and he knew well that he would stand but little show with this ugly looking animal. The panther was caught in Vermont and he received a bounty of \$25 from the state.

DEATH OF JAMES E. NOBLE.

Word has been received of the death of James E. Noble formerly of this town but who has been for several years an inmate of the Northampton Insane Asylum. James Noble was the son of Robert Noble an old and highly respected citizen of this town. Mr. Noble was taken to the insane asylum about 15 years ago, where he has since remained. He died November 4.

MR. NOYES OUT OF HOSPITAL.

D. W. Noyes who was injured several months ago in an electric car accident was in town yesterday for the first time since the accident. He has been in the North Adams hospital ever since he was injured.

B. F. Mather of Albany, N. Y., was in town yesterday.

A QUIET ELECTION.

The election passed off very quietly, and the election of Edward L. Brown as representative was received with satisfaction by the republicans. A full report of this town and district is given under general election news.

Frank McLaughlin of Albany, N. Y., proprietor of the Globe hotel in that city was in town yesterday for the election.

Bushnell Danforth of New York who is a voter in this town was in town yesterday to vote.

MEN OF MARK.

Colonel Rutherford B. Trowbridge has given \$10,000 to the Yale Art school.

President McKinley tried smoking a pipe for awhile, but he has returned to cigars.

Charles Laurier, a brother of the Canadian premier, is a traveling salesman for a cigar firm of Calumet, Mich.

Lord Kitchener's latest honor is an appointment as district grand master of the Freemasons of Egypt and the Sudan.

Former United States Senator Philatus Sawyer celebrated his eighty-third birthday at Oshkosh recently. He is in perfect health of mind and body.

One of the few clergymen ever admitted to the bar in England is the Rev. G. Hay Morgan, a Baptist minister, who will practice as a barrister in London.

Rev. F. W. Macdonald, Rudyard Kipling's uncle, has been chosen to be the head of the Methodist church in Great Britain, to succeed the Rev. Hugh Price Hughes.

President Steyn of the Orange Free State is described as suave, cultured, and, unlike his neighbor and ally, President Kruger, is careful of his personal appearance.

President Kruger is said to be able to write as well with the left hand as with the right, but detests pens and ink so much that he uses indelible lead pencils whenever possible.

General John Bidwell of Chico, Colo., who led the first party of whites over the Sierras into the Golden State, is still hale and hearty at the age of 80. He is a native of Chautauque, N. Y.

Dr. Charles F. Rand, now a prominent physician of Washington, was the first volunteer of the civil war. He was also the first soldier to whom was granted the coveted congressional medal of honor for valor on the field.

Dr. Weldon, the new English bishop of Calcutta, has just accomplished quite a linguistic feat by conducting, six months after his arrival in India, a full confirmation service in the Bengali dialect, at Banaghat, in the diocese of Calcutta.

DRINK GRAIN-O.

After you have concluded that you ought not to drink coffee. It is not a medicine but doctors order it, because it is healthful, invigorating and appetizing. It is made from pure grains and has that rich seal brown color and tastes like the finest grades of coffee and costs about 1/4 as much. Children like it and thrive on it because it is a genuine food drink containing nothing but nourishment. Ask your grocer for Grain-O, the new food drink, 15 and 25c.

POWERFUL KAFFIR TRIBE.

Some Facts About the Basuto of South Africa.

There is one individual who will probably play a leading part in the scene about to be enacted under the Southern Cross, who is at present in the background waiting and holding his warriors in check; says a correspondent of the London Graphic. This is Lerotothi, pronounced Lofototi, paramount chief of Basutoland. The population of Basutoland consists of 217,000, with a handful of white traders and missionaries and a few British government officials. The latter exercise a "moral control" over the Kaffirs, a control often shared at by Dutchmen and thoughtless or uneducated Englishmen, but one which to the observant traveler is simply astonishing. If one considers the visible and immediate resources of the government at their disposal being a score of black policemen, all Basutos, all bound under tribal law and interests to obey their chiefs. Yet the government manages, in spite of checks sometimes and drawbacks, to keep peace and to gain the respect of the native population, chiefs and people alike. It is unwarlike for any white person to settle permanently in the country, and mining or prospecting is strictly prohibited. If the Basuto chiefs and people have their way, there will be no outsider question in the Lesuto, to give the country its correct native name. And yet the Basuto problem must have its time, and that in the near future. Here is a powerful nation of mountaineers, well armed, warlike, a nation of horsemen, and undoubtedly spilling for a fight, inhabiting a country as mountainous as Switzerland, with fertile valleys, which enable them to live without the necessity of working for the white man, completely surrounded by civilization, growing stronger and stronger and more confident in their strength.

Will the British be always able to keep them under control by the present diplomatic methods? How and in what direction will they find an outlet for their energies? The Basutos are extremely jealous of any approach to military interference. During the late epidemic of rinderpest, a small guard of the Cape mounted rifles was posted on the border, in the Cape Colony, for quarantine purposes. It created great alarm in Basutoland, and a son of Lerotothi was sent south with a strong force as a counter move. The Cape mounted rifles were obliged to retire farther from the border to avoid an outbreak. As a matter of fact, a disturbance did occur, but it was smoothed over. It must not be inferred that the Basutos are hostile to the British power; it only shows that they are very much alive to the value of their freedom from white control, and they are ready on this account to treat with suspicion both Briton and Boer. If the truth must be told, the Kaffir anywhere has no love for the white man of whatever nationality, but would rob and murder him tomorrow if he dared. The true state of Basuto feeling toward the British can be understood from the following:

The Basutos will fight against the Free State not because of love or loyalty to the queen, but out of hatred to the Dutch farmer. Like all Bantu tribes the Basutos are thoroughly organized and firmly governed by their chiefs. The country is divided politically and territorially into districts governed and commanded by chiefs, village chiefs and head men of the villages and, of course, over all the paramount chief, so that for war purposes this arrangement would be analogous to the commander in chief, generals and other officers of the regular army. The paramount chief derives his great influence and position from the fact of his being the representative of the house of Moshesh, the founder of the Basuto nation, whose spirit is invoked as a sort of deity, and his tomb and stronghold, Thaba Bosigo, or Mountain of Light, are kept sacred, a veritable Basuto Mecca. To swear with uplifted hand by Moshesh is the supreme and solemn oath of the Basuto, often taken by natives in Free State courts of law.

Now, as to the Basuto peril—for the Basutos are certainly a danger and a growing one to civilization—let the imperial government take advantage of their superfluous military ardor by enlisting them for service, say in China and India. The Basutos would make excellent lancers. They are born fencers and expert in the use of the assegai, which is nothing more than a light lance. They are splendid rough riders and altogether would require far less training to turn them into cavalry than ordinary European recruits. Their term of service over, they would return impressed with the might of England, having learned loyalty and having acquired habits of cleanliness and order. This would be one of the best ways of elevating the race and at the same time increasing British influence and prestige among them, and of course diminishing the danger to the surrounding states and colonies. It is possible that a body of 10,000 or 15,000 troops could be recruited.

Wild West Riders.

How complete are the preparations of the British government for the war in the Transvaal may be gathered from the fact that the troop of Irish lancers which has been with Buffalo Bill's Wild West Show for some time has been recalled and is already on its way to Liverpool, says the Philadelphia Times. These troops are members of the reserve and a body of the finest riders in the world.

Why Shamrock Was Banned.

It is definitely and authoritatively stated that the Americans put something into the water the other day in order to prevent the Shamrock from winning, says the London Globe. The news has leaked out that the something was the Columbia.

Great Britain's Trump Card to Come.

In judging the South African military situation it is well to remember that the Boers now have all the effective strength they can expect to have, says the New York World, while the British army has not yet reached Africa.

Thomas Bain, the new speaker of the Canadian parliament is a heavy build, 6 feet 2 inches in height, and looks a typical rustic. This has gained him the nickname of "Farmer." He speaks in the nasal singsong way of Maine and Vermont farmers.

Don't Experiment with Plasters

There's no use. There's only one genuine one and that's

Allcock's POROUS PLASTER

the original—the one with a record—the kind that strengthens and cures—the plaster that is imitated. Allcock's Porous Plasters are purely vegetable and absolutely harmless so that the youngest, the oldest, the most delicate person of either sex can use them with great benefit, for all the pains and aches which afflict the human body.

Be sure you get Allcock's. They are aseptic. Don't accept a substitute.

The Last Resort Sanitarium Bank Street, No. Adams, Mass.

We invariably make it a rule never, either in the public papers or in private, to give particulars regarding our patients. When this is done it is either by consent or at the request of the patients. There are not two things alike; this rule holds good to everything, also to the character of patients. Some are satisfied to be helped and say very little about it, others feel so good when they are restored that they want everybody to know it for various reasons. One is that they are good natured and sympathetic and wish others to be benefited as they were. There are so many skeptics and who can wonder at it. To all those we say, come to us with confidence and we will satisfy you in any reasonable manner, that we have cured many so-called incurables, even after the hospital and ordinary physicians have failed. You need not be guided according to the cases you see reported from time to time. There are many patients who are willing to meet you in private in their homes and talk of what Dr. Pfeiffer has done for them. One reason why we repeatedly mentioned the same names in our publications is to show that our cures are lasting.

Mr. Joseph J. Bennett, of 206 Tyler street, Pittsfield, who in July 1898, was cured of rheumatism and weakness in his limbs for six years, and who has caused his case to be reported, paid us a visit last Sunday. He is feeling as well as ever.

One of the foremost citizens of Pittsfield, who was cured of the same disease last Christmas, was seen by Dr. Pfeiffer last Tuesday. He also reported to be in most excellent condition, and he is pretty near 70 years old. Dr. Pfeiffer will give you his name and address on application. We might mention any quantity of names of persons who have been cured of this terrible disease, and still, with these facts staring us in the face there are many people who exclaim, "I don't believe that rheumatism can be cured." If you ask them why, they could not give you an intelligent answer, they simply would say, "I don't believe it."

Mrs. M. Bennett, formerly of Pittsfield, now of 36 Andrew St., Springfield, Mass., last July gave a full account in the Evening Herald of her remarkable cure by Dr. Pfeiffer. She had lost the use of one arm and hand, and tried many doctors in vain. She has just reported in the strongest language how well she is feeling.

Take the case of Mrs. Frank Fleury, of 314 Brooklyn St., No. Adams, a total wreck for many years, a combination of dropsy and rheumatism, every step taken in pain, having spent all she had on many physicians and was not bettered but rather worse. She gave a full report of her wonderful cure in January of this year. Well, if you are interested in knowing whether this is true or not, that Dr. Pfeiffer is a successful specialist in the cure of all kinds of chronic diseases, just go and see this lady at any time and be convinced.

ADAMS

THINKS HE KNOWS THIEF.

Charles Stoebor of East Hoosac street states that for some time past strange noises have been heard after dark, at his home on different occasions. A garden hose and other garden implements have been stolen from Mr. Stoebor's wood shed. Tuesday night he heard a noise about 11 o'clock and rushed out to the woodshed. He found a man trying to hide against one corner of the shed. Mr. Stoebor recognized him and spoke to him. The man begged to be forgiven. Mr. Stoebor called his father to watch the man and then started for the police. The thief, however, escaped before he returned. Mr. Stoebor says he will have the man arrested since he knows his name.

READING CLUB MEETINGS.

The regular meeting of the Home Reading club will be held in the Memorial building tomorrow afternoon. There will be a paper from Chaucer by Mrs. C. T. Plunkett. Papers on the "Character and Influence of Elizabeth" will be read by Miss Pollett and Mrs. Holmes. Mrs. Daniels will have charge of the miscellaneous.

The Thursday Afternoon Reading club will meet. There will be roll call, a sketch of "Charles I." paper "The Civil War." Mrs. W. B. Orr; reading, "Execution of Charles I." Mrs. H. A. Jones and then the question box.

HASKINS' ELECTION GIVES SATISFACTION.

There was quite a good deal of satisfaction here on account of the election of F. N. Haskins for representative. A party of 25 voters hired a four-horse team and drove to Cheshire to rouse the voters of that place and express thanks to them for the excellent support given Mr. Haskins there. Mr. Haskins himself was in town and was congratulated by both republicans and democrats. His popularity and many friends helped him gain the victory he deserved.

DATES FOR POULTRY SHOW.

Notices have been posted with the dates for the poultry show to be held in the opera house here, December 7, 8 and 9, under the auspices of the Adams Poultry association. Entries will be made to Harry W. Ford of 9 Smith street. The show will be open to the world. Entries will close November 30. The cost for entrance will be singles 25 cents each and pens 75 cents. I. K. Felch of Natick will be judge. Good prizes will be given and a first class show is assured.

DANCE FRIDAY EVENING.

Company M's dance will be held in the Armory Friday evening. The committee appointed Tuesday evening decided on the date. It is the only public social event in town that evening and no doubt there will be a very large attendance. The last dance of the kind which the company held was a most successful affair. Palmer's full orchestra will furnish music. Tickets will be 50 cents and the public is invited.

ALERTS WILL GO TO DALTON.

The regular monthly meeting of the Alert Hose company was held Tuesday evening. It was voted to attend the Crane celebration in Dalton this evening. In full uniform. The board of engineers were also invited. Peter P. Smith will be in charge of this month's house committee. Every member is expected to be at the hose house at 6.15 o'clock this evening, ready to board the train at 6.44.

CONCERT AND SOCIABLE.

There will be a concert and sociable in the opera house, Thursday evening, November 23, under the auspices of the St. Thomas church choir. The concert will be by the members of the choir and outside talent will also assist. After the concert there will be dancing with music by Palmer's orchestra. Tickets are now on sale.

A Night of Terror

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she could not live till morning," writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of Consumption. After three small doses she slept easily all night, and its further completely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c. and \$1.00. Trial bottles free at Burlingame & Darbys' drug store.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or Biliousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart Failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you.

ECHOES OF THE RACE.

Britannia rules the waves all right enough, but not in yachting.—Indianapolis News.

In rig and model the Shamrock was the most distinctly American yacht which ever came across for the cup. But it looks as if a real American yacht were rather better than the cleverest imitation.—Boston Journal.

Sir Thomas Lipton says it was not the cup he was racing for so much as it was a desire to promote good feeling between the two great countries of the world. Anybody can see that he was not racing for the cup.—St. Louis Globe-Democrat.

It is reported that a wealthy soap maker of London is to build the next challenger for the America's cup. That will make a scrub race out of the great international contest. However, let the Saponifier come on. He will find that we know how to build boats that will never have to take his "wash."—St. Louis Star.

OUR GIRLS.

No woman can look intelligent and talk to a baby simultaneously.—Chicago News.

That Chicago woman who spanked her husband every 24 hours didn't waste any time on the "consent of the governed" idea.

A physician declares that one of the chief causes of baldness is intelligence. Is this another mean jab at the sex which does not become bald?—Louisville Courier-Journal.

The girls of Muscatel have entered into a sensible agreement to the effect that no young man shall be allowed to take a girl home from church unless he also accompanies her there.—Minneapolis (Kan.) Record.

THE FRENCH GENERALS.

Twenty French generals are to be retired on account of age and infirmity. We know nothing about their ages, but all the world is witness to the infirmity of some of them.—Brooklyn Citizen.

If France is contemplating a jump on England during the South African troubles, she would better put some more formidable generals in commission than the job lot shown up in the Dreyfus trial.—St. Louis Republic.

Colds are serious things. They lead to worse things. A cold is the seed of consumption. Croup is a cold's half-brother. It is generally caused by cold, and many a little life has been snuffed out by it because the proper remedy was not at hand.

Dr. Hooker's Cough & Croup Syrup

gives relief at once. It has saved thousands of lives. Every mother should see that it is always in the house. Don't wait till you need it—that may be too late. Contains no opium—absolutely safe—endorsed by physicians for croup. Made only by Charles H. Kingsley, Northampton, Mass.

Dr. L. Gans, a wealthy citizen of Frankfurt, Germany, has presented to that city 150,000 marks to form the nucleus of a fund the interest of which is to be devoted to adorning the city's streets and squares with works of sculpture.

Killed a White Deer.
A fine specimen of albino deer was shot by Oliver Whyte of Boston while on a recent hunting trip with three companions in the Schoodic region of lakes, about 100 miles from Bangor, Me., says the Boston Transcript. The animal was shed about 200 pounds, and the antlers were the largest of any ever seen in that region by the local guides.

THREE CITIES.

Lancashire, England, has the cheapest artificial gas in the world. The price, even for ordinary consumers, is not over 30 cents per 1,000.

Raleigh, N. C., has the largest pair of oak trees in the United States, when perfect symmetry of trunk and top is taken into consideration. They stand 800 yards north of the capitol.

Tallahassee, the flower bedecked capital city of Florida, boasts that it is the only American city founded by a member of the immediate family of Napoleon Bonaparte, Colonel Charles Louis Napoleon Achille Ma.

CITY AND COUNTY

Tolman Elected for Senator. Chase's Big Local Vote. Brown and Card, But Crowley Asks for a Recount

A total city vote of 2696 as against 2509 a year ago.

A flattering vote for John H. Mack, candidate for lieutenant governor, \$35 in excess of the Paine vote in the city. A majority of 37 for Chase, candidate for senator, in the city.

The election of W. M. Brown and C. A. Card for representatives in the first district, Mr. Card's election being carried by the vote of Clarksburg.

The election of Edward L. Brown, republican, in the second representative district and Fred N. Haskins, democrat, in the third district.

The election of Tolman for senator by a plurality of 770 over Chase.

A big county majority for Crane over Paine.

The election of William P. Wood of Pittsfield for county commissioner and Colonel Frank S. Richardson of this city for county commissioner for two years to fill a vacancy. Wood's majority of 2435, and Richardson's of 2248.

These were the features in the results of one of the quietest state elections in this city and county that have been known in recent years. Chief interest through the county was in the size of the vote for Crane. This was 3247, as far as the returns are verified, to 3178 for Paine, a lead of over 6000.

Dalton, Mr. Crane's home town, gave him 564 votes, while 15 sturdy democrats smothered home pride in political principle, and voted for Paine.

John H. Mack received a vote in his home city that was thoroughly satisfying to him and to his friends. While the Paine vote was only 740, Mack had 1125, coming within 200 of Bates' vote for lieutenant governor.

The senatorship was easily decided. This city gave Chase a majority over Tolman, but Pittsfield, Tolman's home city, came out strongly with a lead of 284 for Tolman, while Adams and Williamstown went easily for Tolman, and the small towns of the district were solidly republican, not one giving Chase a lead of any kind. Mr. Chase was 770 behind Tolman in the district total.

There was no contest whatever in either of the county commissioner votes. For the regular election, Mr. Wood of Pittsfield was re-elected by the handsome majority of 2435. He carried this city by over 600 and Pittsfield by nearly that figure, while only two towns in the county gave Rogers a lead, these being Alford and Lenox. Mr. Rogers ran surprisingly well under the circumstances, however, Ad-

ams giving him within 70 of Wood.

Col. Richardson of this city carried the county by practically the same vote as Wood's. This city gave him nearly 700 more votes than it gave Gallup, while Pittsfield gave Richardson a lead of about 600. All the towns went for Richardson except Alford, Hinsdale, Lenox and West Stockbridge.

The vote throughout the county was light, and aside from the senatorship there was little interest except for district representative contests. The new rule in regard to counting votes which forbids counting till after 2 o'clock was somewhat offset by the smallness of the vote and the count was finished much earlier than was expected.

CROWLEY ASKS FOR RECOUNT

Brown and Card Elected, Latter By Narrow Margin. Harvie's Defeat and Chase's Big Vote.

The defeat of Robert B. Harvie, and the excellent run of T. J. Crowley for representative, were the features of the city election. Mr. Harvie was far behind in the race, Brown leading him in the district of this city and Clarksburg by 312 votes. Mr. Brown is returned to the legislature by nearly the same vote as last year, his vote in 1898 being 1492. In 1898 Harvie had 1486, Card 1158, and Crowley 1102.

On the early returns Crowley seemed to have defeated Card, and in the city

led him by three votes, but Clarksburg came in strong for Card, and he was given the election by 23 votes.

Harvie ran especially well in ward 5. The number of blanks in the representative contest was considerable, although less than last year.

Mr. Crowley decided this morning to ask for a recount of the representative votes for the district. He believes that he was defeated, but the fact that the vote was so close in the city combined with at least one error already discovered, made him think that the result would be more satisfactory if a count were held.

It was discovered today that an error in the footings of ward 7 made an error in giving Card 10 votes too few. In a number of the wards it is thought there may have been similar errors in the rapid footings. The figures given above in the city table are from the present official returns.

Mr. Crowley says that if Mr. Card had more votes than the present returns show, he should have the credit of it, but that whatever the result may be, he and his friends think a recount would be the best thing.

The vote of the city was light, being 212 less than last year. It was not so small as early indications made probable, however, the afternoon's work at the polls being heavier than early in the day. It was expected that the returns would be very late, on account of the law forbidding counting till after 2 o'clock. There was general surprise, therefore, at the promptness with which the wards came in, the returns being nearly as prompt as in former years. Ward 6 as usual was first, coming in at 5.16. This was followed by ward 1 at 5.47 and ward 2 at 5.48. The returns came in steadily then until all the wards except 3 were on file. There was delay in the copying here, and ward 3 did not show up till 7.18.

The city vote was highly satisfactory to republican leaders in the showing for Crane. In spite of the small vote, Crane had a total of 58 more than Wolcott had last year. Paine had just one more vote than went to Bruce last year. The blanks were over 100 fewer than last year.

An interesting feature was the cutting down of the socialist-labor vote from 243 last year to 97 this year. The socialists have not conducted the campaign they did last year, and suffered accordingly.

Mack's vote ran far ahead of Paine's, while compared with the democratic vote for lieutenant governor last year it was a still more striking gain.

W. H. Chase was greatly pleased with his home vote, which gave him the city over Tolman. Richardson and Gallup competed for the home vote for county commissioner, the colonel carrying off satisfactory honors.

IN THE SECOND DISTRICT

Brown Meets Expectations in Defeating Prindle of Williamstown

John F. Prindle of Williamstown was defeated for re-election to the legislature by a vote of 761 to 677. This was as expected. Prindle's personal popularity in Williamstown gave him a lead there, many republican votes going to him. But Dalton gave its own man a good lead, which was increased in every town in the district. Prindle's vote in Williamstown was cut down from 467 last year, but he showed surprising strength in Dalton.

On the other contests, Williamstown

giving Crane more and Paine less than went to the two leading candidates last year. Chase got only 225, fewer than went to Morin last year, while Tolman made a corresponding gain over Whit
